VOLUME 51—NO. 14  
BEST PAPER IN WESTERN KENTUCKY

HICKMAN, FULTON COUNTY, KENTUCKY, THURSDAY, MARCH 2, 1911.

WHOLE NO. 2044  
ESTABLISHED IN THE YEAR 1859

## PLANS MADE PUBLIC!

Land Purchasers Will Open  
Suburban Property and Get  
Factories in East Hickman.

## 12 FACTORY SITES FREE

Will Boost Hickman's Advantages,  
And Resources. Two New Depots,  
Wharf, Parks, Etc., Among Im-  
provements Planned.

Last week's Courier stated that we  
would publish in this week's issue  
the plans in detail of Messrs. Brown  
& Leach for handling the land  
they have recently purchased on the  
east side of town from Joe John-  
son, Jr. In the first place, the com-  
pany will be styled "The Hickman  
Industrial League." These gentlemen  
have been here all this week with  
surveyors surveying out the  
land and getting up the details for  
the subdivision and plotting it into town  
lots. The manufacturing sites and de-  
pots on the plan are completed the  
plans will be put on sale. It is  
their purpose to open offices here  
and to begin a campaign of boosting  
Hickman for several hundred miles  
around. They have employed seven  
men to travel for the  
purpose of telling the outside  
world of the marvelous advantages of  
Hickman as a commercial, manufac-  
turing and agricultural center and to  
draw people here to see our town  
and country. This property will not  
be sold at auction, but in a steady  
stream as an as to develop it  
and bring new people and new busi-  
ness enterprises to Hickman. They  
are having J. C. Ellison make a large  
number of photographs of the many  
scenic views of Hickman and of  
the lands which will be shown to  
the owners of any importance within  
a radius of 200 miles of Hickman,  
which will give her a more promi-  
nent place on the map than she has  
heretofore enjoyed.

The lots will be sold on any kind  
of reasonable terms to suit purchas-  
ers. The property is well located and  
the water will be given free to any  
manufacturing plant that will locate  
there. The sale of these beautiful  
lands will be the means of a more  
rapid growth for Hickman than any  
that has ever been done here.

## WANTS TO BE GOVERNOR OF KENTUCKY.

The Courier prints above a good likeness of Jas. B. McCreary, oldest politician in the State, who asks to our next Governor. He is opposed by Wm. Adams and J. K. Hendrick.

When asked if they expected to  
start up a new town on their lands  
and what name the new town would  
be called they answered that it was  
"just Hickman." They have no ambi-  
tion to be the founders of a new  
city, but simply to help develop Hick-  
man into the city she really has the  
right to be and which she could nev-  
er hope to be without more room to  
spread out on than its present loca-  
tion.

These lands they have acquired  
are as beautiful and picturesque as  
nature could make them, and an  
ideal spot for a large city. They are  
laying it out with broad straight  
avenues and streets with a beautiful  
winding drive around the top of the  
bluff overlooking the Mississippi river  
and will convert the timbered bluff  
just north of Joe Johnston's home  
into a public pleasure park. It would  
be next to impossible to give a de-  
scription of the plan of this  
ground, with its circular drives, parks  
and promenades, but we hope to print  
later a cut showing the unique plan.

On this land they have about 1200  
feet of railroad frontage which will  
offer excellent opportunity for factor-  
ies. The N. C. & St. L. R. R. will  
erect a station on the old depot site  
on State Road and 7th Street for the  
accommodation of this part of town  
and there is an ideal place for a  
wharf at the foot of 7th Street.

The fact that railroad already pass-  
es through and meets the main line  
of the N. C. & St. L. on this land,  
and the new C. M. & G. R. R. will  
also place a station near this land  
when their line is continued on north  
which will be done this spring. This  
will afford this enterprise all of the  
transportation conveniences of an old  
town. It is only about 5 minutes  
walk from this land to the Carnegie  
Library and City Schools and water-  
main already extend to its west  
edge. If there was ever a time when  
the enterprising citizens of Hickman  
ought to "get together" and push an  
enterprise this is the one, for it cer-  
tainly holds great things for the fu-  
ture of our city.

Let's get in line with Messrs.  
Brown and Leach and help make  
a city here. Let the slogan be "25  
miles for Hickman by 1912." It is not  
impossible with the proper push.

Let every body boost and nobody  
knock and we will all have a share  
in the glory when Hickman takes  
her place among the great cities of  
the nation.

## 100 Go on "Strike."

Last Friday, the Hickman branch  
of the Mangel Box Co. undertook to  
establish what they term "The Em-  
ployee Accident Fund," and was fol-  
lowed by a walkout of nearly a hun-  
dred men, most of them worked at  
the lower mill.

The purpose of the move was to  
create a fund for the benefit of em-  
ployees who might receive injuries  
while at work in the factories, by  
holding in reserve 1 per cent of each  
man's wages. If a man was receiv-  
ing \$10 a week, he was to contribute  
for a week to the fund. And then,  
in case he was injured he was to re-  
ceive half pay, or \$5 a week, and  
have his physicians bills paid from  
this money, so long as he was in-  
capacitated for work, not exceeding 52  
weeks.

The Courier printed large placards  
Thursday evening explaining the  
proposition, and when they were  
posted Friday morning, almost 100  
men failed to see the merit in the  
plan, and went on a "strike." Be-  
lieving the move was good for all  
parties concerned, the company stuck  
to its plan of putting it in force.  
A large per cent of the men later re-  
turned to work, others held out and  
have not yet gone back. A union in-  
terrogator also appeared on the  
scene at the opportune moment, and  
is said to have induced about sixty-  
five "strikers" to join the union.  
Manager Walker says it is against  
the policy of the company to em-  
ploy union labor, which means that  
all those affiliated with the labor  
movement will not get any more  
work at the factories until they sever  
their connection with the new or-  
ganization.

Hickman's prospects for a great  
forward movement for the present  
year are indeed rosy. The Hickman  
Industrial League has plans well un-  
der way for the location of four  
good factories on their property east  
of town. Another concern is figur-  
ing on locating a factory in West  
Hickman that will employ about 200  
men, and local capitalists and boost-  
ers are "rearing to go." Our new  
buses, railroads, boat lines, resi-  
dence and factory additions, new  
buildings, mercantile and manufactur-  
ing establishments are sure to make  
things hum. If you are interested in  
Hickman, get in the band wagon—if  
not, go out of town.

#### A Maine Record.

"I think I can safely lay claim to having hauled more wood into Rockland than any other man," says Otis Tolman of Rockville. "I have been at it sixty years, hauling an average of 200 loads a year with an average of seven feet to the load. I brought my first load into town behind a pair of steers in 1850 and sold it to the late S. H. Burpee for two dollars a cord."—Kennebec Journal.

#### Gives Prompt Relief

William H. Douglas, Jr., of Washington, D. C., says: "I take great pleasure in informing you I have used Dr. Bell's 'Pain Tar Honey' and it gave me almost instant relief."

Sweeping decisions as to freight rates on virtually every known variety of merchandise transported by railroads, were issued by the Interstate Commerce Commission Friday. The railroads are denied the right to put into effect their proposed increases in rates and can take no further step in that direction for two years. The decisions, marking the end of the great rate cases and affording a complete victory for the shipping public in their long fight for lower tariffs.

### COST HIS SALARY TO SLEEP

Newly Elected Senator Gets Object Lesson In High Cost of Living.

A newly elected senator came on early to Washington to arrange for rooms, and had an object-lesson furnished him on "the high cost of living." He wanted to start in "with the swim" and be at the center of things so he picked the "focal" hotel.

"We make it \$650 a month, two rooms and bath, to you, senator—without meals," said the clerk dreamily. When the senator caught his breath, he was two blocks up the avenue.

He tried another hotel; a moderately exclusive house whose lobbies were a sort of eddying pool of statesmen and "influential" lobbyists. To him the attendant flamen of this gilded shrine remarked: "Now, we have a choice two rooms with bath, at \$350 per month."

"Without eating—just for a sleep-in-place!" broke in the senator, "why, I'd burn up with fever if I had to sleep at that price!"

The salary of a senator is \$7,500, and it is figured on the high level of "simple living" in Washington that he ought to part with that much for assured rest at a good hotel. But the new senator didn't feel that way about it. Finally it was suggested that he might take a room at the simple hotel of the old days, at \$1 per 24 hours, and save money, using the parcel room for baggage when away over Sunday. Then he could take a peep at Peacock alley and meet friends in the "lobby" which the more wealthy statesmen and tourists support.—National Magazine.

### HIS PICTURE IN EVIDENCE

Should be Warning to Man With Weakness For Penny Arcade Photographs.

Should you feel a desire to visit a summer garden or a penny arcade and experiment by having yourself photographed in a ridiculous pose, remember the fate of Horace E. Todd, candy-maker and formerly the husband of Beulah Todd.

Beulah Todd was granted a divorce last week by Judge Goodrich. She said that Todd was addicted to drink. "And the proof?" the court suggested.

Beulah Todd drew from her purse a photograph postal card. It appeared to be a photograph of Horace E. Todd; his cheeks were puffed, his hair disheveled, his collar unbuttoned, and his necktie untied. In one hand he held a five-dollar bill, in the other hand, four aces. Beneath the picture there appeared this line: "A million-aires today; a tramp tomorrow."

"Is that a picture of your husband?" the court asked.

"It is."

"Divorce granted," the court decided. And Mrs. Todd, tucking the postal card safely away in her purse, walked from the courtroom.—Kansas City Star.

#### House Haunted? Low Rent!

When alien immigrants arrive in this country they often bring with them a stock of misapplied ingenuity. The tenant with a ghost is a game that is being played by foreigners in various parts of the United States, and, what is more, it is being played successfully.

The newcomer takes a house, and, after one or two payments of rent, complains that the premises are haunted. Quaking with simulated fear, he tells a tale of horror—of a headless man seen stalking from the coal cellar, a lady in white or of something invisible but growling. Now, a ghost is the average landlord's prime aversion. Spectral visitors afford splendid subjects for gossip in the neighborhood, and prospective tenants seldom fail to hear and be warned off by the story.

Anxious that the report shall not get about, landlord confers with tenant, and in several such instances the result has been this—the tenant agrees to stay on, to say nothing about the matters to others and to put up with the ghost, providing the rent is substantially reduced.

#### Encouragement.

"Why should you be despondent?" asked the poet's friend.

"Why shouldn't I be despondent?" the poet replied. "I've been trying to add a bit of cheer to the world. I have written some things that men who ought to know have said were sublime. I have endeavored to describe the beauties of nature, to spread the gospel of brotherhood, to teach kindness and goodness and helpfulness. But the people persist in ignoring me; the publishers decline to accept my poems; my genius is unrecognized; I am left to starve in my attic."

"Cheer up, old man. A hundred years from now your poems may be illustrated by some artist who will get \$500 for each of the pictures."

Reynolds-Moss & Co., who recently purchased the lumber yards and stock of the Hickman Lumber & Planing Mill Co., announce that they have increased their stocks by several thousand dollars, and are now prepared to furnish lumber and material for building any kind of a structure on short notice and at reasonable prices.

### Now Laying Steel.

We are reliably informed that the Chicago, Memphis & Gulf Railroad Co. began laying steel on the last stretch of the new railroad from Tiptonville to Hickman this morning. As heretofore stated, the steel has been laid from Tiptonville to the line of Fulton county. Bondurant & Mosby, contractors for the dirt work in this county, have practically finished their work, and shipped their live stock Monday. The remainder of the work, which lies in wet ground, must be finished in a wheelbarrow and dago, and it will take only a short time to close this gap, under favorable weather conditions. The distance of 10 miles.

Laying of steel will be pushed as rapidly as possible, and it will not be many days until we will see the "mysterious stranger" of the new way looming up in the southwest.

It strikes the Courier that this event calls for a gala day in Hickman, and the Commercial Club should be making preparations right now.

#### A Smooth Skin

Black Heads, Chaps, Pimples, Sores and all unhealthy conditions of the skin are unsightly and detract from the looks. Buy a box of Dr. Bell's Antiseptic Salve, a creamy, snow white ointment, apply as directed and your skin will be as clear as a baby's. At all dealers in medicine.

### Demonstration Auto.

The interest aroused some time ago by the announcement that the Hupp Motor Car Co. would market a touring car, has been intensified and crystallized in Hickman by the arrival of the demonstrating car, for Hubbard & Kennedy. An inspection of the car confirms the expectations called forth by the first announcement.

The new car looks good to the Courier. In appearance, the touring car is as trim and well proportioned as the Huppmobile Runabout. With a wheel base of 110 inches, and with the long low body, it pleases the eye at once.

Insofar as essential mechanical details are concerned, the touring car differs in no respect from the runabout. The frame, of course, is heavier because of the added length and the increased weight it will be called upon to carry. The rear spring is heavier and is made of vanadium steel.

The engine is the same that has won a reputation for the runabout all over this country and in many foreign lands. It has four cylinders and develops 20 horse power, which is deemed adequate for the carrying of four passengers, the car's capacity.

In equipment, which the price of \$900 includes, the Huppmobile Touring car is out of the ordinary. The stock or regular equipment embraces a floor light, tender magneto, shock absorbers on the front springs, gas headlights and a gas generator, rear tires 31x3 1/2 inches, and the usual 3 oil lamps, horn and tools.

One of the new cars is now undergoing a test to which few cars, new or old, are subjected. This is a tour around the world, which will embrace nearly every country and city of importance. The car left Detroit early in November.

A feature in connection with this car—and with all the other Huppmobile models—is its really extraordinary life guarantee. This provides for the replacement by the factory, free of charge, of any parts which develop defects, either in material or workmanship, during the life of the car. The customary time limit of a motor car guarantee is 90 days, while some manufacturers warrant their product for a year. So the Huppmobile guarantee, covering the life of the car and making no distinction as to ownership at the time any replacement should become necessary, is quite unusual. The maker's guarantee and the prices give the Huppmobile line a distinction that is quite unique among motor cars.

Along with the demonstration car, Hubbard & Kennedy received one of the new torpedo models and two or three runabouts. They may be seen on display two doors west of the Courier office, and their big double page announcement in this issue gives you a fine description of them.

#### Dr. Bell's Anti-Pain

A sudden attack of Cholera Morbus is dangerous. Keep Dr. Bell's Anti-Pain at hand, a dose relieves almost instantly. It also cures Diarrhoea, Flux, Cramps and all Bowel Complaints.

J. P. Tyler, superintendent of the Fulton Water Works, found a piece of wood 109 feet below the surface of the earth while boring the new city well. The drill had just passed through about 12 inches of rock when the augur went into a different substance and on examination it was found to be wood. An examination showed that the log must have been once a walnut tree. It is soft and spongy. How came it to be at the great depth beneath the present surface of the earth and how long it had been there are questions which it would be difficult to answer.

Contending that Sunday fund-raising caused excessive labor and mental fatigue to the pastor in charge, and that they could be held on other days of the week, the Protestant Pastors' Association at Paducah has adopted resolutions urging the public to discontinue holding them on this day. It was further resolved that the practice of remaining at the grave until it is filled be stopped. It will still be in order, we suppose, to shed a few tears provided no one is looking.

#### COMMISSIONER'S SALE.

Fulton Circuit Court, Kentucky.

W. J. Hannon, Guardian &c, Plaintiff, against Steve Stahl &c, Defendant, Equity.

J. R. MILNER, Comr.

Representatives of the Pullman Co. have announced that if the higher courts hold against the company's right to sell sleeping car accommodations to negroes, Pullman service will be discontinued in Mississippi. Miss Pearl Morris recently obtained a \$15,000 verdict because negro bishops were admitted to a car occupied by her. That Pullman cars will be closed when running through the state is the warning.

## MEXICANS START SUIT FOR PEACE

INSURGENTS WANT EVERYTHING  
PUT INTO WRITING BEFORE  
THEY MEET.

### ASK DIAZ TO ABDICATE

Also Demand That All Insurgent  
Leaders Be Pardoned—  
Men in Field to Vote  
on Armistice.

Washington, Feb. 28.—Dr. Vaquez Gomez, head of the confidential agency of the Mexican revolution, announced that nothing would be done to further the negotiations looking toward peace that the Mexican government has stated until Diaz and officials give those who are authorized to carry on the advances written authority and promise in writing to abide by the result.

The plan, as put forth by the various juntas of the insurgents is that government officials and revolution leaders meet on the border line and negotiate peace terms.

#### Diaz' Abdication Demanded.

The principal provision that the insurgents hold out for is the abdication of Diaz and his principal officials and that they shall never again be candidate for office. They also want all insurgents pardoned, and demand that the men in the field shall vote upon the terms of the armistice before the final signing of the protocol.

Dr. Gomez was the family physician of President Diaz, and was in the last election candidate for the vice-presidency of Mexico on the same ticket as Francisco L. Madero, the candidate for president.

#### Peace News Confirmed.

El Paso, Tex., Feb. 28.—Confirmation of the report from Washington that the local insurrecto junta had been approached by three Mexicans, who say they represent the Diaz government with peace overtures, was had here in a statement from Abraham Gonzales, provisional governor of Chihuahua to a local newspaperman. Three envoys, said to be prominent in government affairs in Mexico visited El Paso quietly about ten days ago, according to Gonzales. They met Gonzales and Raoul Madero, brother of Francisco I. Madero, provisional president, and now in the field with the insurrecto forces at Ahumada.

#### Aak Credentials of Envoys.

According to Gonzales, the envoys asked upon what terms the insurrectos would accept peace, and were informed that the provisional government would not treat with them until they presented "credentials from the Mexican congress, or President Diaz." They were told further that the first requirement of the insurrectos in any plan for establishing peace "must be a guarantee from the Mexican government that every provision of the constitution of 1857 would be put into effect immediately, and forever maintained."

Another requirement of the insurrectos is an understanding that "neither the president nor other government officials shall be eligible to re-election."

### LABOR LEADER IS DEAD

Hugh McGregor, Now Deceased, Was  
Lieutenant for Garibaldi, Notable  
Italian Patriot.

Washington, Feb. 28.—Hugh McGregor, 70 years old, one of the foremost labor leaders in the United States, and once a lieutenant for Garibaldi, the Italian patriot, is dead here. He was one of the American Federation of Labor originators and was the founder of the Federationist, the organ of that body.

## Good Drugs

Good drugs mean everything  
because they include high grade  
as well as freshness.

All the prescribing and dis-

wasted unless the ingredients

that has shown a falling off in the  
assessment for the county as com-  
pared with last year.

#### Diplomatic Rebuke.

A little known story of the Jewish  
race in Portugal is told of King Jo-  
seph I. of that country. On one oc-  
casion the king ordered that all Por-  
tuguese who were in any way allied to  
or descended from the Hebrew race  
should wear yellow hats. The old  
Marquis de Pombal, then minister in  
chief, shortly afterward appeared at  
court with three yellow hats under his  
arm. The king smiling, asked him:  
"What are you doing with these?"  
The marquis replied: "I have them  
in obedience to your majesty's com-  
mand, for I really do not know a single  
Portuguese of note who has not Jew-  
ish blood in his veins."

"But," insisted the king, "why three  
hats?"  
"One is for myself," answered the  
marquis, "one for the inquisitor gen-  
eral by your side, and one is, in case  
your majesty should desire to be  
covered."

Smuggled Bracelet in Photograph.  
Of smuggling tricks there is no end.  
The Bangor (Me.) customs officials had  
a new dodge sprung on them one day  
recently in an attempt to get a gold  
bracelet through without the payment  
of duty.

Some one took a number of cabinet  
photographs, but before tying them to-  
gether to make them appear as a bun-  
dle of photos he carefully hollowed  
out a hole in the center and deposited  
the bracelet therein. A superficial ex-  
amination of the package would have  
caused one to think that it was simply  
a bundle of photographs and allowed it  
to proceed without question.

government, and Gen. Michael for the  
army, paid eloquent tributes to the  
memory of Gen. Brun. The premier

### TURKISH TROOPS REBEL

Garrison at Yildiz Kiosk Refuses to  
Stop Revolt—Flight is Momen-  
tarily Expected.

Philippopolis, Bulgaria, Feb. 28.—  
The Yildiz Kiosk garrison, including  
a battery of artillery, has mutinied  
against being sent to the Yemen,  
where the natives are in revolt, ac-  
cording to Constantinople advices re-  
ceived here.

Loyal troops surround the palace  
and a fight between them and the mu-  
tineers is momentarily expected.

The censorship has prevented de-  
tails of the mutiny becoming public.  
Owing to the strained political situa-  
tion in Turkey, such a mutiny is con-  
sidered likely to spread throughout  
the army.

**The**  
**Pernicious Poet**  
  
Come by Thomas to the fore and muck-takes all the rhymes—  
O, Poetry, in thy name are committed many crimes  
(Such rhyming as that couplet has is just a small offense—  
A misdemeanor of the pen to slumber sound and sense.)  
The burial of Sir John Moore was not as Wolfe alleged—  
When he got down to points of fact the wicked poet hedged  
"Twas broad daylight when poor Sir John was taken in the heat—  
But "darkly at the dead of night" went better in the verse.  
The man who wrote of Mabel with her face against the pane  
Took liberties with truth and fact for mercenary gain  
The evidence discloses that she ate much jam and cake  
And spent a sorry evening with her hand against the pane.  
Full many times and oft have we been bunked by the poet  
The sorry single setting forth the ride of Paul Havers  
No team-dressed charger took old Paul out through the midnight black—  
If all were known we'd find that he was bolting in a hack.  
"At midnight in his guarded tent"—you know, about the Turk!  
That is another proof of some wild poet's awful work  
The tent was never under guard—but let truth be ungent!  
In confidence we'll say to you the Turk possessed no tent.  
Maud Muller never raked the hay, and Curfew rang the peal  
There never was a One Horse Shay, Jim Bludens held no wheel  
Dame Pritchard, William Tell—they've been exposed a thousand times  
As nothing but a groundless lot of fables and of rhymes.  
The Waist Line.  
It is stated with some authority that the exact location of the feminine waist line for the spring season of 1912 is not yet decided upon.  
It is such things as this that cause us to sit down, bed our head in our hands and try not to give up hoping that some day woman will have the ballot.  
Men has his faults—and even when he has but few he doubtfully blushes proudly when you accuse him of having many. But he has never achieved a metamorphosis of his corporeality with each spring and fall. He has told his tailors: "Go as far as you like with my clothes, but let ME alone."  
In some respects, therefore, man is to be admired, and even applauded. A man expects to be loved and respected because, forsooth, he is as the pharisee who rejected that he was different from the rest.  
But woman is unhappy unless she looks exactly like all other women.  
The waist line having shifted to everywhere else, let us hope that next year it may be allowed to go where it belongs.

**OTTUMWA**  
**WOMAN**  
**CURED**  
By Lydia E. Pinkham's Vegetable Compound  
Ottumwa, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.  
Consider This Advice.  
No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.  
This famous medicine, made only from roots and herbs, has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.  
Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, honest, and always helpful.

club will arrive in Hickman in a few  
days to begin spring training.

Mr. Cantillon has leased the base-  
ball park and has installed bath room,  
dining room and shower baths in rooms  
over the Hickman Drug Co.

Hickman gets her first tryout as  
a training place for major league  
clubs and if Mr. Cantillon's experi-  
ment is a success there is no reason  
why we should not have one or two  
clubs every year, as our climate in  
the early spring is warm and pleas-  
ant.

Mr. Flynn, an outfielder of the  
club, has been here several days, and  
has been spending the time shooting  
ducks on the lake.

A game has been arranged with  
the Memphis club and other clubs  
will probably want games.

Mr. Cantillon piloted his club to  
the championship of the American  
Association last year, and has a first  
lot of ball tossers.

as want to live with her and pay all  
his expenses to Clinton.

## Coming April 1.

John L. Matthews, secretary of the  
Mississippi Valley Transportation Co.,  
writes the Courier, under date of  
Feb. 27, as follows:

"We are not ready yet to give on a  
definite public announcement of the  
day of sailing, but you may say that  
we have been notified that our first  
large will be delivered to us probab-  
ly at the mouth of the Ohio on April  
1st, so that we ought to begin service  
about the 15th and we will land our  
boat at Hickman if we have any  
freight for your city or not, because  
we will want your people to see this  
first trip.

"When we can get a definite date  
of sailing and the description of this  
boat and the towboat, I will give  
them to you. We will have a steel  
barge 200x35, with a steel deck house  
and hatches in the roof and a capac-  
ity during good water of 1,400 tons,  
dropping off to 7,000 in the dry sea-  
son. We expect to have three of  
these barges by the 1st of June with  
a trip capacity of 4,000 tons, and a  
round trip every two weeks, and of  
course when we get this going we  
will hurry our preparations for more  
improving and more rapid work.

"This will be a good service with  
insured rates and we will give you all  
details and cuts of the barges, just  
as soon as we can get them ready."

Being stealthily pushed on the very  
quickest kind of quiet is a plan and  
necessary preparations for building a  
bridge across the Mississippi river at  
Hickman. This information has leaked  
out from the middle chamber of a  
big railroad office, and is a straight  
tip. One road in particular has al-  
ways been desirous of crossing the  
river here for several logical rea-  
sons. At this time no further infor-  
mation can be given; but don't be sur-  
prised if something develops along  
this line in the very near future.

## Walker Sells Store.

The Hickman Grocery Co., owned  
by Col. C. L. Walker, was sold yes-  
terday evening to Ed and Amos Me-  
theny, two hustling young fellows of  
Union City. The deal was made by  
Than Rogers, manager of the store,  
in Mr. Walker's absence.

Messrs. Metheny are both practical  
meat and grocery men, and should  
easily make a success of the busi-  
ness. Ed was in the employ of the  
store last year as meat cutter and  
made many friends while in the city.  
They will invoice and take charge of  
the store next Monday.

Here's to your success, gentlemen.

It is rumored that a union depot

rumor at present.

## New Business House.

D. B. Lebovitz, who was mention-  
ed in last week's paper as being here  
looking for a location, has succeeded  
in solving the usual problem—that of  
getting a building, and will embark  
in the gent's furnishing business.

He has secured the Burnett build-  
ing, which has been recently occu-  
pied by Wright & Hamby's pool hall,  
the latter buying out Berendes &  
Reunley's pool business and consoli-  
dating the two establishments. This  
leaves Hickman only one pool room  
and it will be located where Beren-  
des & Reunley's old stand was.

Mr. Burnett will make extensive  
improvements on his building, plate  
glass front, etc., for his new renter.

Mr. Lebovitz is in St. Louis this  
week looking after the shipment of  
his stock of goods which he purchas-  
ed two weeks ago with a view to  
shipping to one of Oklahoma's dead  
towns. His plans miscarried, and he  
was advised to come to Hickman and  
look over the situation. It was only  
necessary for him to meet some of  
our business men and see the town  
to reach a sensible conclusion. He  
thinks we have the best little city on  
the map, and he will be a Hickman  
merchant beginning about the 15th of  
this month. This gentleman hails  
from Lewisport, Ky., and is an ex-  
perienced man in his line, full of busi-  
ness and believes he can get his share  
of the business.

At the M. E. Church next Sunday:  
Sunday School at 9:45 a. m., and at  
11 a. m., preaching by the pastor,  
Rev. G. W. Wilcox. At 7:30 p. m.,  
there will be a laymen's service, in  
which six of the leading laymen of  
the congregation will take part. All  
members of the church are urged to  
attend both services, and friends  
have a most cordial invitation.

## The Hupmobile Philosophy:

- "Let the other fellow have the long profit on the high priced car.
- "Give us the small profit on a generous volume.
- "The automobile business cannot grow to real greatness on the patronage of the few—it must deserve the support of the many.
- "There aren't enough rich men to go around.
- "We will build cars for the average man—for the modest pocketbook.
- "We will send the Hupmobile out into every nook and corner of the world.
- "We will link the city to the farm; and the farm to the city.
- "Anybody can sell luxuries to the rich—let us bring health; and sunshine and pleasure; to men and women of modest means.
- "Let us resolve to build a car so good that it will shame the cars of higher price.
- "Let us make it so light and yet so strong that it will cost less to keep than any other car on earth.
- "Last and most important of all, let us resolve that all the money on earth shall not tempt us to turn out a poor product.
- This policy was formulated three years ago. Now thousands of people swear by the Hupmobile and vouch for its soundness and its value.

### THE LIFE-LONG GUARANTEE

The Hupp Motor Car Co. guarantees the Hupmobile free from defects in material or workmanship, during the life of the car, and will replace, free of charge, any such defective material when returned to its factory for inspection, transportation prepaid. This guarantee does not cover tires.

Runabout \$750

- (1) The fear that a low price means a poor car.
- (2) The fear of excessive cost of repair.
- (3) The fear of a high cost of upkeep.

Fear No. 1 is driven away by the life-long guarantee—and the magnificent record of thousands of Hupmobiles already in use.

Fear No. 2 is left without a leg to stand on by this same life-long guarantee.

Fear No. 3 meets its Waterloo in the proof presented by hundreds of owners that a Hupmobile, cared for at home, costs from 20 to 50¢ a day.

So you will be confronted, when you see this new car, tomorrow, by an entirely new economic proposition.

## What You Get in this New \$900 Hupmobile Touring Car

You get enough power to carry four people up any hill or grade the Hupmobile may encounter.

You get more speed, several times over, than the law allows or a wise driver cares to use.

You get a system of springs, supplemented by shock absorbers in the front, which makes driving a delight in ease and smoothness.

You get a longer wheelbase than has ever been offered before for less than \$1000.

You get a Bosch magneto and sliding gear transmission—offered for the first time in a touring car for less than \$1000.

## Heard On the Streets

Lent began yesterday. We need more business houses. Mrs. Mary Reid has been on the sick list. Misses Hattie and Dora Carpenter have returned from a visit in Memphis. Col. C. L. Walker returned this morning from a business trip to Louisville. The St. Louis Furnishing Co. has added a line of undertakers goods to their stocks. Mrs. M. Amburg left Tuesday for Myfield to visit her daughter, Mrs. Guy Robbins. Keron Roberts and Miss Freddie Welch, both of near Fulton, were married Sunday. Robt. Whitell, of Martin, and Miss Eunice Price, of Haysburg, were married in Fulton Sunday. Why not build a few nice up-to-date buildings where old shacks and fire-traps stand at present? Jas. Jones, at Woodland Mills, reports the arrival of a girl baby at his home Tuesday night. C. L. Shaw orders the Courier sent to his mother, Mrs. Mary Shaw, at State Line, for one year. A. M. Alexander, W. C. Reed and Guy Hale spent Sunday in the social circles of Newbern, Tenn. Mrs. Lena Parham has purchased a lot in Rogers Addition, and will build a residence in a short time. Mrs. J. G. McMurtry, of near Cayce, spent several days last week with her daughter, Mrs. W. F. Montgomery. Horn, Thursday, to the wife of John Choate, a fine baby boy. That accounts for John's antics of the past week. Upholstering of every description. Bring in your old furniture and get it fixed up.—Ward, over Fuqua Helm & Co. J. A. Moore and family are expected to arrive today from Hayville, La., to visit his parents, Mr. and Mrs. Gus Moore. Carl Schmidt, the tailor, wrenched his back first of the week while playing football, and has been confined to his bed. We are just learning of the arrival of a fine girl at the home of Mr. and Mrs. Paul Shaw, at State Line. The little Miss came Feb. 20th. A protracted meeting is being conducted by G. W. Hiesling and E. P. Wright over C. H. Wright's grocery in West Hickman. Everybody invited. Rev. Spurgeon Wingo, of Trezevant, Tenn., has accepted a call as pastor of the Baptist church in this city, and will take up his work beginning next Sunday. Mrs. W. J. Cook is having the Cottage Hotel repapered and put in first class condition. The Cottage is keeping right up with the procession, and is growing in popularity. K. S. Rolley, of Crawfordville, Ark., was here Tuesday on a prospecting trip. He is looking for a location for himself, three brothers and his father. The four of them represent several lines of business. At the West Hickman Chapel tomorrow evening at 7:30, preaching on a special subject by Rev. G. W. Wilson, and at the same service the pastor, Rev. Walter Jones, will give an opportunity for any who desire to join the church. The population of several West Tennessee towns has been announced by the census department, as follows: Dyer, 1166; Humboldt 3446; Obion, 1291; South Fulton, 1291; Trenton, 2492; Dresden, 708; Glasgow, 388; Halls, 882; Newbern, 1692; Ripley, 2011; Sharon, 608; Tiptonville, 842; Trimble, 556. Mrs. J. T. Stephens entertained a number of her lady friends at Hickman yesterday afternoon from 3 to 5 o'clock. There were five games and all present played the game to a finish. In the evening from 8 to 10, the program was changed to 500 with six tables, at which both ladies and gentlemen took part. The house was decorated in white and green. On both occasions an appetizing salad course was served. Music added to the evening entertainment. Of course everyone had a delightful time—they just can't help it when they are guests of Mr. and Mrs. Stephens. The out-of-town guests were Mrs. Fern Herring, of Union City, and Mrs. Louise Clark, of State Line.

## Street Cars Next.

As far-fetched as it might seem even to the modestly conservative individual, it is not improbable that street car service in Hickman will be taken up this month for consideration by a big car concern which has had its attention called to the matter. A representative of the company told a Courier reporter last week Hickman was a good "street car town" and that they had car systems in towns not nearly so prompt as this city.

Contrary to our idea of the thing, he says the geographical situation of Hickman is exceptionally favorable to the success of such business. Hickman's extreme length and hills, he says, would have a tendency to double the business over a more level and closely built city of the same size. The representative has promised to bring the head of the concern here in a short time to look over the situation, and he thinks we will see something doing in this line when the car man comes to our town. The company in question, if favorably impressed, would ask no bonus, no stockholders, etc. All they ask to be shown is a good proposition.

It might be of interest to some of our people to know that Col. C. U. Mengel, of the Mengel Box Co., several years ago, offered to put in a car line here if he could have gotten the electric light business. His effort, however, failed. But the point is, if cars would have been a paying business then (and it would, or Col. Mengel would not have entertained the idea of establishing it), why should it not be doubly so now since Hickman is twice as large as it was at that time.

Of course, it is not expected that cars would run every five minutes nor on every street in the town, but that limited service between the east and west sections, touching the new additions, would suffice for the present.

And now, the same element who said we could not get new railroads, levees, public libraries, entertainments and the big guns of the "S." will scoff at the street car idea, but the younger fellows, who have brought about the many improvements, are in the saddle and are after big game. All they ask is that the dollar-squeezers, scoffers and fossils stay in the grandstand and watch the game.

Some time ago, the Courier predicted street cars for Hickman within five years. Now we are in less than that time.

Ex-Sheriff A. C. Bankston, of Polk county, Ark., who shot and killed Police Officer French in Cairo, Dec. 4, has been granted a change of venue in the Cairo circuit court.
